Watch out babe, my sweet man  
I'm not as tender as you think I am  
Mean and jealous, I can be like hell  
When I see you with another girl

You better hide away  
You better hide away  
Hide away

Cool me babe with your love  
There are some girls  
Who stick tough enough  
I don't ask you - don't hear no lie  
If you're in trouble, oh, that's why

You better hide away  
You better hide away  
You better hide away  
Hide, hide, hide away
