

It's Getting Better

Words & Music: Inga Rumpf
Capriccio Music

It's getting better now
It's taking a long time
Some good vibrations
Have tuned my mind

It's getting better now
More than the groove
How things are coming
Lets my whole body move

It's getting better now
I can feel the power in my hips
It's getting better now
Feel the groove from my feet to my lips

It's getting better now
Can't you feel it in your hips
It's getting better now
Got to feel it in your lips
