

## **Maybe It's Useless**

Words & Music: Inga Rumpf/ J.J.Kravetz  
Publisher: Capriccio/Warner/Chappell

After all, I thought it's over  
But I'm not at the end  
Maybe it's so useless to ask  
But like a child I'll ask again and again

Who leads me the right way to go  
Who saves me when I fall  
Who lets my fantasy grow  
I don't know at all

After all, I tried to believe  
Now I don't like to be a fool  
Where is God when there's trouble around  
With faith in him, I can't stay cool

Who sends us sickness and fear  
And don't hear the poor when they call  
Who gives us trouble and tears  
I don't know at all
