

## Save Our Souls

We're walking on a borderline  
Entering unknown land  
We're walking in a danger zone  
Don't know what's happening

Like a diver in the sea  
Who forgot his ship  
Captured by the mermaid's game  
Oh - he never got back

Save me - save our souls  
Save me - save our souls  
Save me - save our souls  
You hear me, so I've been told

We're walking on the shady side  
With careless minds  
Icons showing what is fake  
Oh, we must be blind

Like a fool in fairy land  
Reaching out for the throne  
Spoiling the kingdom's health and wealth  
Oh, sad is my song

Save me - save our souls  
Save me - save our souls  
Save me - save our souls  
You hear me, so I've been told
